

December 15, 2014

Dr. Mo Jamshidi  
Professor  
Department of Electrical and Computer Engineering  
The University of Texas at San Antonio

Dear <sup>Mo</sup>~~Dr. Jamshidi~~:

As we approach the holiday season, I wanted to express special thanks to you on behalf of the university for your outstanding contributions to our success. Your chair, Dr. Daniel Pack, has indicated that you were one of your department's top performers during 2013, and I know that you have continued to be active in pursuit of your instructional and scholarly activities this past year.

As we move our institution toward its Tier One objectives, it is important to acknowledge contributions such as yours. Ultimately, faculty are the foundation upon which a top university is built, and I appreciate all you have done to excel and to serve as a great role model for your students and fellow faculty. It is through your sustained efforts, and similar efforts by your colleagues, that our program in the Department of Electrical and Computer Engineering will achieve pre-eminence and visibility.

I wish you continued success in the new year— thank you again for all you do.

Sincerely,

John H. Frederick  
Provost and Vice President for Academic Affairs
